

What kinds of community partnerships would benefit WMS?

1. CSCC partnership
2. Text or email
3. The word sheet emails
4. Sponsors for the school that would take the school under their wing and help promote and advocate for them.
5. Provide supplies
6. We would welcome any business
7. Maury County Public Library
8. Community Service Club
9. Nursing homes
10. Sponsor field trips
11. Community service club, students giving back
12. Hospital-health & fitness workshops
13. Help encourage kids
14. Bank-finance workshops
15. Get legit oversight for watchdog
16. Mentor opportunities
17. Job shadowing opportunities
18. Tap into community resources for specific classes, problems, F&M teaches personal finance or help with math class. CPWS comes for science. Businesses would sponsor activities/reward for students for good PR
19. Job shadowing, like math & MRMC for hospital
20. School-business teamwork in rewards, revenue, most patronage from school/to school
21. MRMC is WMS partner-cultivate it
22. Smile in car rider line, it looks welcoming for community
23. Sponsors
24. Help sponsor events
25. Manpower for events
26. Have "real life application" opportunities with local businesses, if we talk about Chinese culture, then what local business can show what that looks like in "real life"

What kinds of community partnerships would benefit WMS?

1. Pushing highly motivated learners – they are often held back because of those that don't care.
2. Accelerated classes preparing for or providing high school credit
3. Don't want kids being able to take a test over and over again to get a higher grade
4. A better explanation of what will be expected in high school so that the kids have a vision
5. Correct the discipline issues outside of the classroom so the teachers can teach.
6. Accelerated classes
7. Hire qualified teachers
8. Teaching
9. Stability
10. Don't use millions of dollars to give every kid myON
11. Maury County Public Library can supply library cards to all students giving them access to an app with thousands of books
12. Provide upper level academics to continue to challenge students individualized learning plan
13. Books for reference for parents/guardians to help reinforce classwork/homework at home. Also for students to have to study at home.
14. Better teachers
15. Capacity better
16. Zeros for homework that is not turned. A 501 for no work is a reward
17. Behavior training for teachers-behaviors are impeding learning. What can parents do to help support this, create zero tolerance?
18. Integrate the courses
19. School board should be here often to see what WMS needs
20. Instructional classes rather than lab period. Dreambox "games" are not pushing high learners
21. Certified, confident, enthusiastic, professional, consistent, communicative with students' parents
22. Teachers in every class
23. Need teachers who communicate clear expectations, consistent among students. Mrs. Smith has set a fabulous standard for this!
24. Knowing there is a teacher shortage, have a game plan for what to do when there are subs, maternity leaves, etc. to ensure learning doesn't stop
25. It has felt that the emphasis is on raising lower performers, and not on allowing highest performers to excel – they "sit still" while resources go to lower performers.
26. Teachers vs subs - Qualified teachers (Spanish speaking Spanish teacher
27. Accurately acknowledge and reward high students
28. Use instructional time for instruction vs discipline

What would you like student clubs to look like?

1. Student club fair (including parents) multiple times per year.
2. Consistency

32. Integrity
33. Safe
34. Discipline under control
35. Keep focus on kids
36. Hold admin accountable for inappropriate relationships
37. Students encouraged and built up and valued
38. Kids who know what is expected of them, that does NOT change during the year. Lots of changes of expectation over past 2 years
39. High achieving students lie, Reach allowed to truly move forward, move quickly, challenged

40. A “club fair” (like we did before) but where we can take our kids through and learn about & sign up for things-more than 1 year so we can get them plugged in, or a place we can go to get that at any time
41. Fewer behaviors, more training resources for teachers on how to shut down behaviors and teach

What does successful parental involvement look like at WMS?

1. Starts with open communication
2. Opportunities for parental involvement
3. More events like tonight!
4. Communication
5. Up front is what is needed, when?
6. Great job Robyn!
7. Admin can set a welcoming stage to make parents willing to become involved
8. Parents want to be involved in meaningful problem-solving, not just extra-curriculum help, fundraising
9. Periodic (request) meeting between administration and parental steering committee
10. Parents should be empowered to come and be seen at WMS, students need to see them present inside the school
11. Provide parents with a fine-tuning pamphlet of the TN Standards with suggested outing, ie: Parthenon, Frist, etc.
12. Make sure the entire community is in the know about WMS
13. A parent "suggestion box", making it a tech savvy suggestion portal
14. Diversity
15. Attach PTA info on the all call to get more involved
16. Allow parents to help solve specific problems, to work with and support teachers, admin (ie: if behaviors are a problem, can parents help set standards so that admin can point to that as the "new standard"
